

Dear Customer,

Avionics and Calibration Services will soon be moving from 8B Eagle Drive, Jandakot Airport to 10B Maule Road, Jandakot Airport.

Our new location includes an aircraft hangar ideal for Avionics installations.

We are also pleased to advise that we have increased our staff levels to include five Radio LAME's and three E & I LAME's. This enables us to cover tarmac work at both Perth and Jandakot Airports and also gives us the ability to service remote locations on a more regular basis.

With additional experienced staff in our excellent Instrument, Electrical and Radio workshops at Perth Airport providing backup, we can supply a complete service for your avionics requirements.

Also, we are CASA approved to supply in-house CAR 35/36 Engineering Orders for avionics installations and modifications.

Please contact us on any of the following telephone numbers for any further information:

LES MISCANDLON	0417 645516
NOEL CARVELL	0438 296181
GEOFFREY BORN	0417 738956

Kind regards,

A handwritten signature in black ink that reads "Les Miscandlon".
